

# Lactation Room Location Change at St. Vincent's Medical Center

**Beginning Tuesday, September 21<sup>st</sup>**, the lactation room for Hartford HealthCare nursing moms at the St. Vincent's Medical Center location will have a new home on Level 1M.

**When:** Tuesday, September 21<sup>st</sup>,

**Former Location:** Level 5 Room 521

**New Location:** Level 1M (Cardiac Rehab area) Room 1M-PT-92 (look for lactation room signage)

**What nursing moms need to know:** The new Lactation Room location will afford nursing moms the privacy needed to pump as needed, 24/7. The door to enter the 1M Cardiac Rehab area **will require badge access on weekends and after 4pm M-F**. Please contact security for an update to your specific badge to gain entry to the Lactation Room. If you require use of the room prior to your badge update being completed, please contact security at 210-5543 to have the outer door opened. The lactation room itself has a privacy lock from the inside when the room is occupied. Please sign into the room via the log book when utilizing it.
